

OPRA TURBINE WEBINAR RECORDINGS

Webinar Topic	Recording Link
The OP16 Gas Turbine and Cogeneration at Particle Board Mills	Click here
The OP16 Gas Turbine and Cogeneration at Gypsum & Wallboard plants	Click here
The OP16 Gas Turbine and Applications for Industrial CHP and Oil & Gas	Click here
The OP16 Gas Turbine and Cogeneration at Dairy Plants	Click here
Aplicaciones de Cogeneración en la Industria Láctea, Paneles de Yeso y Paneles de Madera	Click here
The OP16 Gas Turbine and Oil & Gas applications	Click here
The OP16 Gas Turbine and Cogeneration at Breweries	Click here
The OP16 Gas Turbine and Waste to Power Applications	Click here
Generación de energía con la Turbina de Gas OP16 en la Industria de Petróleo y Gas	Click here
The OP16 Gas Turbine and Cogeneration at Tissue Paper Mills	Click here
The OP16 Gas Turbine for Cogeneration and Reducing VOC Emissions and Toluene Utilization for Power Generation at Rubber Plants	Click here
The OP16 Gas Turbine and Trigeneration Applications	Click here
The OP16 Gas Turbine and Cogeneration at Gypsum and Wallboard Plants	Click here
Gas Turbine Rental Program for Oil & Gas Applications	Click here
The OP16 Gas Turbine and Cogeneration at Steel Mills Utilizing Coke Oven Gas and Blast Furnace Gases	Click here
The OP16 Gas Turbine and Cogeneration at Ceramics Plants	Click here
Aplicaciones de Trigeneración usando la Turbina de Gas	Click here
The OP16 Gas Turbine and Trigeneration Applications	Click here
The OP16 Gas Turbine and Alternative Fuels (Syngas, Biogas, Pyrolysis Oil and Industrial By-Product Gases)	Click here

The OP16 Gas Turbine and CHP in direct drying applications	Click here
Aplicaciones de secado directo usando la turbina de gas OP16	Click here
The OP16 Gas Turbine and Cogeneration at Food and Beverage Plants	Click here
The OP16 Gas Turbine and Cogeneration at Tissue Paper Plants	Click here
